Cube Corner

Valentines Day is just around the corner...

Come on guys and gals, are you tired of trying to figure out what to give your sweetheart this year? Will it be candy, the same bouquet? Why not a creative gift to give along with your heart this year? It is very easy.

A Valentine's Cube that says what your heart really wants to say?

Stop by the shop, or email us, to start the design on a special gift that will last a lifetime.

Our **Keepsake Cubes** offer a great way to "hide" that special something inside an engraved Cube. Come and see these samples.

Valentine's Day Cubes

Wedding Anniversary Cubes (5th traditional gift is wood)

Beall High School Commemorative Cubes

NEW DESIGN—Keepsake Cube

5th Anniversary—traditional gift is one made of wood

Our Cubes are a great way to commemorate any Wedding Anniversary.

Great idea also for parent's Anniversary (photos of the kids and grandkids on the Cube—or a wood inlay family tree)

Whether it is the traditional wood for the 5th year—or any of the other milestone Wedding Anniversaries, a Cube is the perfect way to celebrate this day.

Mother of pearl inlay along with wood inlay of a lily (both traditional for the 30th Wedding Anniversary)

Beall High School Commemorative Cube—

The design and release of the Beall High School Commemorative Cube has been very successful.

Made of solid hardwood Maple, this Cube honors the history of the Mountaineers and the school over the years. Whether Beall is your alma mater or not, this is a perfect keepsake of the memories of Beall High School for years to come. The design incorporates a special

woodcut engraving of the mascot (in relief) surrounded by the school colors, photo of the school, historical information of the school, the fight song, the original logo; and one side can be personalized to include but not limited to Class information, your activities etc. This is a limited edition run of only 200 Cubes. We still have some left

Kaytlyn —holder of Cube # 1 of the Beall High School Commemorative Cube series.

Kaytlyn receives her Beall High Commemorative Cube. Kaytlyn was the very first one to order a Cube, on the day of the announcement weeks back; so she holds Cube #1.

Nancy Martens, Secretary of the Beall High Alumni Association also receives her Beall High Commemorative Cube. Nancy was instrumental in providing some of the historical data that is engraved on the Cubes.

To all of you who have become Cubies. . . .we thank you for making our Cubes the most successful gift idea.

Welcome to the first edition of the *"Cube Corner"* -the newsletter published by the creators of the original Milestone Cube.

Over this past 4 years we have had lots and lots of fun designing Cubes for our Customers; getting to know not only their children, but also their grandchildren, great-grand children, pets, parents, families and friends along the way.

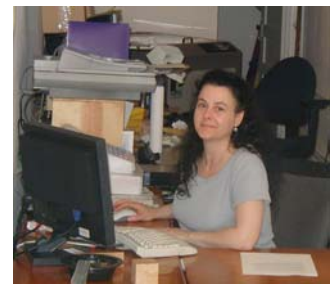

We have delighted in creating a wonderful keepsake that has become a treasure by those receiving as well as those giving.

In this newsletter we want to share with you a bit about our designs, new product enhancements and special announcements.

Our Customers, both local and around the world, know they want a special gift and our Cubes are the most unique gift

ever to give and receive.

Terry

and

Peter.
